AUTHOR INDEX TO VOLUME 5.

AONO, Takeo. Researches on chemical changes under a strong electric field . . . 169

ASAHINA, Tei-ichi. Spectrochemical study of amino-acid anhydrides. IV. Light absorption of derivatives of azlactone, diketopiperazine, hydantoin and thiohydantoin 354

BABA, Toshitomo. Sorption of vapour by chabazite 190

FUJIO, Chiko. On the decomposition of methane, ethane and ethylene by electric spark. 249

GOTO, Kakuji and NAMBO, Taro. Sinomenine and disinomenine. Part XIV. On bromo-sinomeninone 73

GOTO, Kakuji and INABA, Reikichi. Sinomenine and disinomenine. Part XV. On the reduction of bromo-sinomenine with nascent hydrogen 93

GOTO, Kakuji and NAMBO, Taro. Sinomenine and disinomenine. Part XVI. On isobromo-sinomenine (or bromo-sinomeneine) 165

GOTO, Kakuji, NAMBO, Taro and INABA, Reikichi. Sinomenine and disinomenine. XVII. On methyl-sinomeninone 223

GOTO, Kakuji and MITSUI, Shingo. Sinomenine and disinomenine. XIX. On reduction of sinomenine and dihydrosinomenine with Na-amalgam. 282

GOTO, Kakuji and SHISHIDO, Hideo. Sinomenine and disinomenine. XX. On benzene-azo-sinomenine. 311

GOTO, Kakuji, SHISHIDO, Hideo and INABA, Reikichi. Sinomenine and disinomenine. XXI. On the reaction between sinomenine and formaldehyde 315

HAKOMORI, Shin-ichiro. On the true nature of "per-acids" and the alleged "acid nucleus theory" 333

INABA, Reikichi. See GOTO, Kakuji. 93, 223, 315

ISHIKAWA, Tetsuya. A viscosity formula for binary mixtures, the association degrees of constituents being taken into consideration. V 47

ISHIKAWA, Tetsuya. A viscosity formula for binary mixtures, the association degrees of constituents being taken into consideration. VI 117

KASHIMA, Kozo. On the thermal decomposition of aliphatic ethers 25

KATOH, Nobuyuki. Röntgen analysis of copper amalgams 13

KATOH, Nobuyuki. X-ray investigations on copper-arsenic alloys 275

KAYA, Tetsuo. See MIYAMOTO, Susumu 123, 229, 321

KINOSHITA, Kyoji. On the freezing of gel. 261

KITASATO, Zenjiro and SONE Chuzaburo. Synthese des N-Methyloxynaphtindolchinons und N-Methylnaphthoisatinchinons 348

KOMATSU, Shigeru and MASUMOTO, Masajiro. Studies on catalytic action at high pressure and temperature. Catalytic hydrogenation of ethers 241

LO, Hsiung Tsai. Ueber die Einwirkung der Kalilauge auf die Tetracarbonsäureester von Dimalonsäure-Reihe. (Darstellung von Aethyl-Phenylpropionsäuren) . . . 326

MASAKI, Kosaku. The solubilities of silver salts 345
MASUMOTO, Masajiro. See KOMATSU, Shigeru 241
MITSUI, Shingo. See GOTO, Kakuji. 282
MIYAMOTO, Susumu. A note on negative induced reactions 54
MIYAMOTO, Susumu and KAYA, Tetsuo. On the dissolution velocity of oxygen into water. Part I 123
MIYAMOTO, Susumu, KAYA Tetsuo and NAKATA, Akira. On the dissolution velocity of oxygen into water. Part II 229
MIYAMOTO, Susumu and KAYA, Tetsuo. On the dissolution velocity of oxygen into water. Part III 321
MIZUSHIMA, San-ichiro. Note on anomalous dispersion and absorption of electric waves 163
MORI, Motohichi. Studies on the enzymes of silkworm. I 159
NAKAI, Risaburo. On the thermal decomposition of cresols 136
NAKATA, Akira. See MIYAMOTO, Susumu. 229
NAMBO, Taro. See GOTO, Kakuji 73, 165, 223
NISHIO, Hideo. See OSAKA, Yukichi 181
OCHIAI, Kazuo. Studies on the phosphorescence of gelatine and fluorescein at low temperatures 203
OGAWA, Toru and YOKOTA Toshio. Action of reduced nickel and hydrogen on aromatic hydrocarbons under high pressure and temperature 266
OSAKA, Yukichi and NISHIO, Hideo. Equilibria in the system: $Ca(ClO_3)_2+2KCl \rightleftarrows 2KClO_3+CaCl_2$ at 15° and 45°C. 181
PLATZMANN, C. R. Beiträge zur Kenntnis der allotropen Modifikationen von Schwefel. II. Katalytische Einflüsse. 43
PLATZMANN, C. R. Beiträge zur Kenntnis der allotropen Modifikationen von Schwefel. III. Ueber das Verhalten von Jod zu Schwefel und Selen. . . . 79
SAKURAI, Buhei. The electrolytic reduction of phthalimides. Part I. 184
SAMESHIMA, Jitsusaburo. Sorption of ammonia by charcoal 173
SAMESHIMA, Jitsusaburo. Sorption of gas by mineral. II. Laumontite. 303
SATOH, Shun-ichi. Atomic hydrogen occluded in iron nitride. 291
SHISHIDO, Hideo. See GOTO, Kakuji 311, 315

TANAKA, Choji. The action of perbenzoic acid on glucal and its derivatives. . . . 214
TAO, Wei Sun. Biochemical studies on rice starch. I. The chemical changes of the starch during the germination of rice in darkness 64
TAO, Wei Sun. Biochemical studies on rice starch. II. Temperature effects on the germination of rice seeds in darkness 69
TAO, Wei Sun. Biochemical studies on rice starch. III. The action of enzymes on rice starch. I 87

TAO, Wei Sun. Biochemical studies on rice starch. IV. The action of enzymes on rice starch. II 91

TAO, Wei Sun. Biochemical studies on rice starch. V. Comparative studies on rice, boiled rice and mochi 209

TARLÉ, M. Ueber die Auflösungsgeschwindigkeit der Metalle 57

TITANI, Toshizo. The viscosity of vapours of organic compounds. Part II 98

URUSHIBARA, Yoshiyuki. Peculiarity in the formation of the nitrile-esters of dicarboxy-glutaconic acid 1

URUSHIBARA, Yoshiyuki. A series of condensations producing the esters of acetyl-propylene-carboxylic acids 109

WEIMARN, Nadine von. Colloidal synthesis of certain readily crystallizable organic compounds 122

YOKOTA, Toshio. See OGAWA, Toru 266

SUBJECT INDEX TO VOLUME 5.

Absorption of electric waves 163
Absorption spectrum of amino-acid anhydrides 354
Acetylene, viscosity of, ... 103
Acetyl-propylene-carboxylic acids 109
Acid nucleus theory 333
After-glow of gelatine at low temperature 103
Alcohols, sorption by chabazite of, ... 193
Aliphatic ethers, thermal decomposition of, ... 25
Allotropic modifications of sulphur 43, 79
Allylene, viscosity of, ... 103
Amines, sorption by chabazite of, ... 194
Amino-acid-anhydrides, spectrochemical study of, ... 354
Ammonia, effect of, on modification of sulphur 43
Ammonia, sorption by chabazite of, ... 173
Ammonia, sorption by laumontite of, ... 303
Amyl alcohol, thermal decomposition of, ... 41
Amyl ether, thermal decomposition of, ... 37
Amylase from silkworm 159
Anomalous dispersion of electric waves 163
Anthracene, colloidal solution of, ... 122
Anthraquinone, colloidal solution of, ... 122
Aromatic hydrocarbons, action of nickel and hydrogen on, ... 266
Arsenic-copper alloy, x-ray investigation on, ... 275
Atomic hydrogen occluded in iron nitride 291
Azlactone, light absorption of, ... 354

Benzene, action of nickel and hydrogen on, ... 266
Benzene-azo-sinomenine 311
Binary mixture, viscosity formula for, ... 47, 117
Boiled rice, comparative studies on rice, mochi and, ... 209
Bromo-sinomeneine 165
Bromo-sinomenine, reduction of, ... 93
Bromo-sinomeninone 73
Butane, viscosity of, ... 100
Butyl ether, thermal decomposition of, ... 35
Butylene, viscosity of, ... 102

Calcium chlorate, equilibria of KCl and, ... 181
Carbon bisulphide, sorption by chabazite of, ... 195
Carbon dioxide, sorption by chabazite of, ... 194
Catalytic action at high temperature and pressure 241
Catalytic effect on the modifications of sulphur 43
Catalytic hydrogenation of ethers 241
Chabazite, sorption of vapours by, ... 190
Charcoal, sorption of ammonia by, ... 173

Chemical changes under a strong electric field 169
Chromic acid, constitution of, ... 341
Chromic acid, oxidation of cathodically reduced, ... 16
Colloidal synthesis of crystallizable substances 122
Copper amalgams, x-ray analysis of, ... 13
Copper-arsenic alloy, x-ray investigation on, ... 275
Covalence 334
Cresols, thermal decomposition of, ... 136
Cryoscopic constant of sulphur 79
Crystalline compounds, colloidal synthesis of, ... 122

Decalin, action of nickel and hydrogen on, ... 273
Decomposition of aliphatic ethers 25
Decomposition of cresols 136
Diastase, action of, on rice starch 87, 91
Dicarboxy-glutaconic acid, nitrile esters of, ... 1
Dihydro-5-oxymethyl-sinomenine 315
Dihydro-sinomenine, reduction of, ... 282
Diketopiperazine, light absorption of, ... 354
Dimalonic acid series, tetracarbonic ester of, ... 326
Dioxymethyl-sinomenine 315
Diphenyl ether, catalytic reduction of, ... 241
Diphenyl ether, thermal decomposition of, ... 156
Disinomenine 73, 93, 165, 223, 2 2, 311, 315
Dispersion of electric waves 163
Dissolution velocity of metals in acids 57
Dissolution velocity of oxygen into water 123, 229, 321

Electric field, chemical changes under, ... 169
Electric spark, decomposition of CH_4, C_2H_6 and C_2H_2 by, ... 249
Electric waves, dispersion and absorption of, ... 163
Electrolytic reduction of phthalimides 184
Electrovalence 334
Enzymes, action of, on rice starch 87, 91
Enzymes of silkworm 159
Ethane, decomposition by electric spark of, ... 249
Ethane, viscosity of, ... 99
Ethers, catalytic hydrogenation of, ... 241
Ethoxy methylene compounds 1
Ethyl-n-butyl ether, thermal decomposition of, ... 39
Ethyl ether, thermal decomposition of, ... 29
Ethyl-phenyl propionic acids 326
Ethyl phthalimide, electrolytic reduction of, ... 188
Ethylene, decomposition by electric spark of, ... 249
Ethylene, viscosity of, ... 101

Fluorescein, phosphorescence of, at low temperature 207
Freezing of gel 261
Furfurol, catalytic reduction of, ... 244

Gel, freezing of, ... 261
Gelatine gel, freezing of, ... 261
Gelatine, phosphorescence of, at low temperature 203
Glucal, action of perbenzoic acid on, ... 214

Hydantoin, light absorption of, ... 354
Hydrocarbons, action of nickel and hydrogen on, ... 266
Hydrogen, action of, on aromatic hydrocarbons 266
Hydrogen occluded in iron nitride. 291
Hydrogenation of ethers 241

Indicator, theory of, ... 339
Induced reactions, negative, ... 54
Induction valence. 334
Iodine, behavior of, on sulphur 79
Iron nitride, atomic hydrogen occluded in, ... 291
Isobromo-sinomenine. 165

Laumontite, sorption of gas by, ... 303

Metals, dissolution velocity of, ... 57
Methane, decomposition by electric spark of, ... 249
Methyl bromide, viscosity of, ... 105
Methyl chloride, viscosity of, ... 104
Methyl ether, viscosity of, ... 104
Methyl-naphthoisatin-chinons, synthesis of, ... 348
Methyl-oxynaphtindol-chinons, synthesis of, ... 348
Methyl phthalimide, electrolytic reduction of, ... 187
Methyl-sinomeninone 223
Mineral, sorption of gas by, ... 303
Mochi, comparative studies on rice, boiled rice and, ... 209

Nandazurin. 354
Naphthalene, action of nickel and hydrogen on, ... 271
Negative induced reactions 54
Nickel and hydrogen on aromatic hydrocarbons 266
Nitriding of iron 291

Oxidation velocity of sodium sulphite by air 123, 230
Oxygen, dissolution velocity of, into water 123, 229, 321
Oxymethyl-sinomenines. 315

Per-acids, true nature of, ... 333
Perbenzoic acid, action of, on glucal. 214
Phenanthrene, colloidal solution of, ... 122
Phenylene-dipropionic acid, action of KOH on, ... 326
Phenyl-phthalimide, electrolytic reduction of, ... 189
Phosphorescence of gelatine and fluorescein 203

Phosphoric acid, constitution of, ... 337
Phthalimides, electrolytic reduction of, ... 184
Potassium chloride, equilibria of $Ca(ClO_3)_2$ and, ... 181
Propane, viscosity of, ... 100
Propyl ether, thermal decomposition of, ... 31
Propylene, viscosity of, ... 101

Rice, changes of starch during germination of, ... 64
Rice, comparative studies on boiled rice, mochi and, ... 209
Rice, temperature effect on germination of, ... 69
Rice starch, action of enzymes on, ... 87, 91
Rice starch, biochemical studies on, ... 64, 69, 87, 91, 209
Röntgen analysis of copper amalgams 13
Röntgen analysis of copper-arsenic alloy 275

Selenium, behavior of, on sulphur 79
Silkworm, enzymes of, ... 159
Silver bromide, solubility of, ... 347
Silver carbonate, solubility of, ... 348
Silver cyanide, solubility of, ... 347
Silver thiocyanate, solubility of, ... 347
Sinomenine and disinomenine 73, 93, 165, 223, 282, 311, 315
Sodio-methylene compound 1
Sodium sulphite, oxidation velocity by air of, ... 123, 230
Solubilities of silver salts 345
Sorption of ammonia by charcoal 173
Sorption of gas by laumontite. 303
Sorption of vapour by chabazite 190
Spectrochemical study of amino-acid anhydrides 354
Starch, action of enzymes on, ... 87, 91
Starch, biochemical studies on rice, ... 64, 69, 87, 91, 209
Starch, changes of, during germination of rice 64
Sulphur, allotropic modifications of, ... 43, 79
Sulphur, behavior of iodine and selenium on, ... 79
Sulphur dioxide, effect of, on modifications of sulphur 43
Sulphur dioxide, viscosity of, ... 105
Sulphuric acid, constitution of, ... 336

Temperature effect on germination of rice. 69
Tetracarbonic ester of dimalonic acid series, action of KOH on, ... 326
Tetralin, action of nickel and hydrogen on, ... 273
Thermal decomposition of aliphatic ethers 25
Thermal decomposition of cresols 136
Thiohydantoin, light absorption of, ... 354
Titanic acid, constitution of, ... 341
Triacetyl glucal 216
Trimethylene, viscosity of, ... 104

Uranic acid, constitution of, ... 343

Valences 334
Vanadic acid, constitution of, ... 341
Viscosity formula for binary mixture 47, 117
Viscosity of vapours of organic compounds 98

X-ray analysis of copper amalgams 13
X-ray investigations on copper-arsenic alloy 275
